

Serial No.: 10/533,708

**IN THE SPECIFICATION:**

**Please amend the title to read as follows:**

Container for Use in a Medicament Dispensing System

**Please replace the paragraph beginning at page 1, line 21, with the following paragraph:**

There is previously known an aerosol nasal inhalation (intranasal) device in which an aerosol canister containing a drug formulated in a ~~pressurised~~ pressurized fluid propellant is mounted in an outer protective container. Such a nasal inhaler is marketed under the trade name ~~Beeenase~~ BECONASE® (GlaxoSmithKline) with the drug being beclomethasone dipropionate.
